

THE BRAND SYSTEM

NOVO

UNIVERSITY

Become fully human.

The identity of a university built to help humanity become kinder, wiser, and more fully human — a renaissance with an AI kick.

WHO WE ARE

Restoring the university's social purpose.

NOVO is a university for the next phase of humanity. Where most institutions ask what a learner can take, NOVO asks what they can give — because an education is never simply taken, only exchanged.

Learners contribute meaningful good to the world while they learn, and graduate having built their Opus: a cumulative body of Living Works that transforms both the learner and the world around them.

This is alchemy — the timeless humanist tradition met with the technology reshaping our future. It is about what it truly means to be human, and how we choose to be part of the change for good.

Alchemy

A renaissance with an AI kick — transformation at the core.

Contribution

Learning that leaves the world measurably better.

The Human Difference

Kinder, wiser, more fully human in an age of machines.

IDENTITY

The Wordmark

NOVO is a pure wordmark set in EB Garamond, all caps, with generous letter-spacing. There is no symbol or icon — the word itself is the mark. “UNIVERSITY” sits beneath in spaced sans-serif.

DO

- ✓ Keep the Garamond letterforms + tracking
- ✓ Use on royal, ink, or ivory grounds
- ✓ Give it clear space — never crowd
- ✓ Scale proportionally

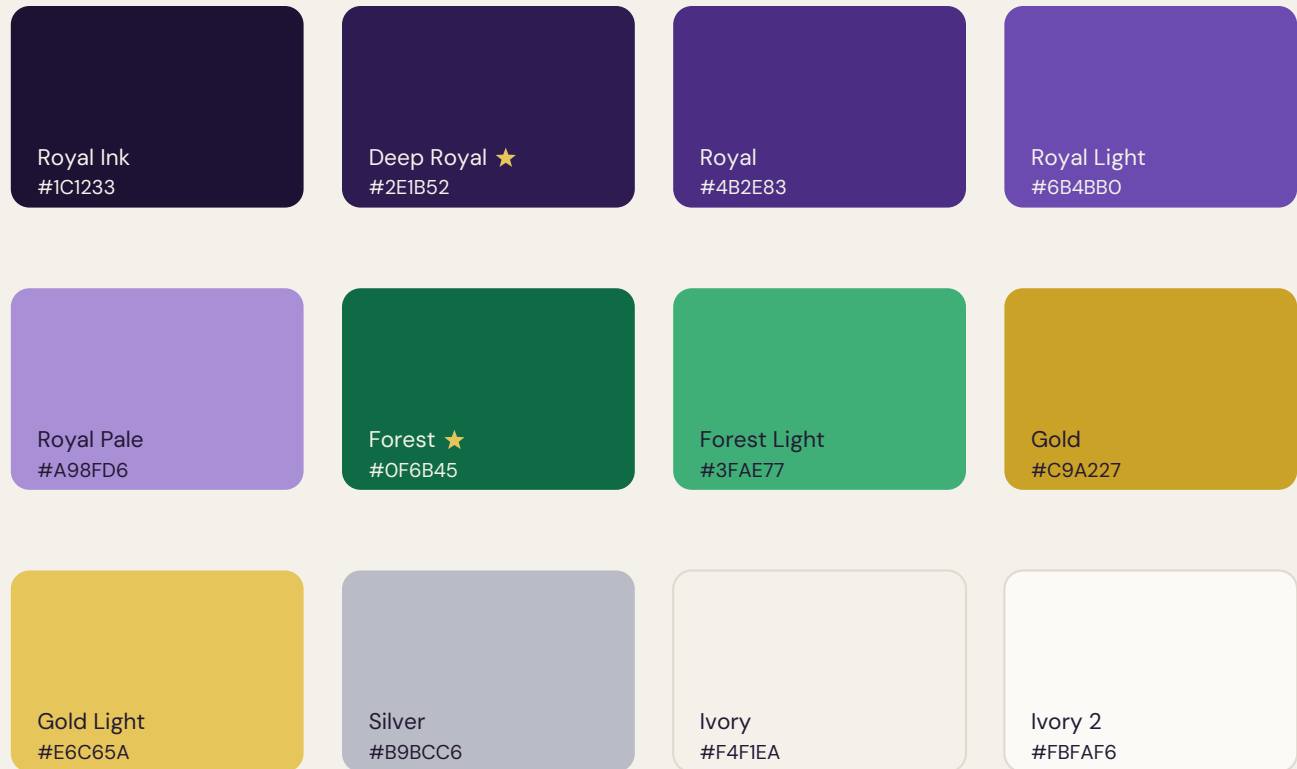

DON'T

- ✗ Add a symbol, flame, or icon
- ✗ Recolor outside the palette
- ✗ Condense, stretch, or re-letter
- ✗ Set it in a different typeface

PALETTE

Color

Deep Royal leads — regal, serious, timeless. Forest green is the complement across the color wheel — living, renewing. Gold is the accent of achievement and light. Ivory and silver carry the neutrals.

- ★ Primary & Secondary. Deep Royal leads; Forest supports.
Gold is reserved for accents, CTAs, and emphasis — never large fields.

TYPE SYSTEM

Typography

Two typefaces. EB Garamond (serif) carries the voice — headlines, the wordmark, and italic emphasis. A clean sans-serif (General Sans on web) carries the function — body, labels, and navigation.

A NEW RENAISSANCE OF THINKING

HOW WE SPEAK

Voice

Alchemy — a renaissance with an AI kick. We speak with the gravity of a great institution and the warmth of a human invitation. Elevated but never cold; hopeful but never naive.

Elevated

Classical, literary cadence. We borrow the dignity of the Renaissance and the university's oldest purpose.

Human

Warm, direct, second-person. We invite — we don't sell. Kindness and compassion are the point.

Purposeful

Every line points to real good in the world. We speak of impact, contribution, and stewardship.

Forward

We stand at the threshold of what's next — technology in concert with the human difference, for good.

SAY

- ✓ Become fully human
- ✓ Pay with Time, Talent, or Tithes
- ✓ Your Opus · Living Works
- ✓ Contribute meaningful good
- ✓ Be part of the change for good

AVOID

- ✗ "Free" / "tuition-free"
- ✗ Corporate or salesy language
- ✗ Credits or seat time as the goal
- ✗ Hype without substance

THE LANGUAGE

Signature Vocabulary

The proprietary language of the NOVO model. Use these terms consistently and capitalized.

Opus

A learner's cumulative Great Work — the true substance of their degree.

Living Works

The individual real-world projects that make up an Opus.

Time · Talent · Tithes

The three ways a learner contributes in exchange for their education.

The Four Voices

Faculty, peers, community, and impact — who assess every Living Work.

The Six Movements

Encounter · Foundation · Apprenticeship · Intervention · Evidence · Stewardship.

Become Fully Human

The promise and rallying cry of the university.

Become fully human.
